SUMMARY

Creative Technologist and product builder with nearly two decades of experience across film, TV, advertising and gaming. Combines deep visual production expertise with GenAI, automation and rapid product development to build new creative tools and workflows. Experienced in leading multidisciplinary teams and turning complex creative problems into practical, scalable systems.

CORE SKILLS

Creative Technology, AI Workflows & Automation, Product Thinking, Visual Production, Compositing, Color Grading, 3D & Motion Graphics

GenAI: LLM workflows, generative image/video, AI agents, workflow automation, rapid prototyping

Tools: Nuke, After Effects, DaVinci Resolve, Figma, React, Supabase

EXPERIENCE

Stents.ai

Founder / Product Builder | Mar 2026 - Present

- Designed and built an AI-native visual production platform spanning concept, script, production design, storyboarding, animation and editing.
- Built end-to-end AI workflows that combine multiple generative models across a structured, scalable production pipeline.

Moon Active, Tel Aviv, IL

Senior Compositor / Colorist | Sep 2023 - Jan 2026

- Introduced AI-driven workflows into the Marketing Art Department, optimizing production cycles and scaling creative output across game teams.
- Delivered advanced compositing and color work for promotional campaigns across multiple game titles, in collaboration with product and marketing teams.

Framestore, London, UK

Lead / Senior Compositor | Mar 2023 - Aug 2023

- Led and managed compositing tasks for multiple high-profile commercial projects, ensuring seamless integration of visual effects and live action footage.

Freelance, London, UK

Senior Compositor | 2017 - 2023

- Worked across TV, film and commercials for leading VFX studios including One of Us, Blue Bolt, The Mill, Untold Studios, Electric Theatre Collective, Black Kite, Nineteen-Twenty, Coffee & TV, and Nexus Studios.

Freelance, Berlin, DE

Senior Compositor | 2015 - 2017

- Worked across TV, film and commercials for leading VFX studios including Rise Visual Effects, Morro Images, Movie Brats Films and Animation, bitteschoen.tv, and nhb studios.

Snowball Studios, Tel Aviv, IL

Lead Compositing Artist | 2014 - 2015

- Led the compositing team on a full-length Israeli feature film, managing CG and live-action integration and overseeing look development and technical solutions.
- Coordinated with multiple departments, including Lighting, to ensure consistent character appearance across the film.
- Delivered high-quality digital compositing for various commercials for leading brands including Subaru, the National Lottery, and Igud Bank.

Shortcut Playground, Tel Aviv, IL

3D and Motion Graphics Artist | 2012 - 2014

- Created 3D and motion graphics content for promotional materials for the main cable channel HOT, ensuring visually engaging and high-quality deliverables.
